WINCHESTER GETS WORD **GF SUMMER CAMP DRILL**

Decision to Have Field Maneuvers Reached After Conference in Washington-Notes.

Special Correspondence of The Star WANCHESTER, Va., June 6.-Fred- of erick county has been selected by the years past. inited States Department of Agriculture which to make a thorough study of the soil for the purpose of compiling general report dealing with the question of the cost of living, and the work of making a detailed soil survey has been nauguarted by Surveyor Dickey of Washington, who will be joined in a eek or two by other soil surveyors from the federal Agricultural Department. Ac with the work, the task will require a each farmer of Frederick county will part of the United States. Although by no means a large county, it has three separate and distinct land formations slate (or shale) and sandy imestone, slate (or shale) and sandy soil. It is protected on practically every side by mountains, is well watered and has excellent drainage, all of which combine to make it an ideal place for scientific investigations, according to government experts. The soil of each farm in the country will be examined and analyzed and every condition studied with the ultimate object in view of ascertaining the best methods to pursue and adopt in making the soil more pro-

ductive.

The government men claim that the soil of the United States in general should produce more and larger crops in order to supply the rapidly growing demand occasioned by the steady increase in population. The men working under Soil Surveyor Dickey expect to complete their work here in the fall, and in the meantime they will make a thorough study of the crops now growing. Cavalry Camp This Summer. In spite of the fact that numerous re

ports have been circulated to the effect that the Wincheser army camp grounds would not be occupied by United States eavalrymen this summer, on account of the Mexican situation, word came yester day from Washington indicating that orders were about to be issued for two regiments to proceed from their home stations and begin work on the new cavalry drills and war games which were

avalry drills and war games which were naugurated here last summer under the bersonal direction of members of the ceneral cavalry board.

While in Washington a few days ago, theriff Luther Pannett of Frederick county had an interview with Representative James Hay of this district, who chairman of the House committee on military affairs, and Mr. Hay stated that it least two regiments—possibly the 2d military affairs, and Mr. Hay stated that is least two regiments—possibly the 2d avairy, now at Fort Ethan Allen, Vermont, and the 5th Cavalry, now at Fort Myer, Va.—would be sent to Winchester this summer for two and a half months from the middle of July. Mr. Hay also stated that more troopers would probably be ordered here if the Mexican situation clears up.

lears up. The decision to reopen the camp here was reached after a conference between Maj. Gen. Wotherspoon, chief of staff, and Mr. Hay. It is expected that Maj. Gen. Leonard Wood, former chief of staff, will act as umpire during part of the encampment, as originally planned. by the grand jury of the United States rt for the western district of Virginia at Harrisonburg this week. Three indictments were for violations of the postal laws and the remainder were for offenses against the federal liquor and game laws.

Ohio railroad was greatly improved this week with the addition of two new trains of Pullman coaches and parlor-dining of Pullman coaches and parlor-dining cars, which run on a fast schedule each week day from Baltimore and Lexington by way of Washington without any change, whereas heretofore it was nec-essary to change at Harpers Ferry, Stras-burg Junction and frequently at Harri-

sonburg. The new trains are run on the Southern railway tracks between Stras-burg Junction and Harrisonburg. Large numbers of Shenandoah valley people who formerly did much of their shopping in Washington by mail now do it in peron, and the records kept by the con ductors show a great increase in travel between Washington and the points made by the two new through trains.

Finds Grave After Long Search.

After searching cemeteries in many parts of the United States for fifty-one years in the hope of finding the grave of a brother who had been killed during the civil war. Orlando Flesher, who lives near Connellsville, Pa., found the last resting place of his kinsman in the national cemetery in Winchester a day or two ago. He and his brother, Flesher B. Flesher, went to the front in a West Virginia regiment of infantry in the Federal army at the outbreak of the war, and army at the outbreak of the war, and army at the outbreak of the war, and the latter was killed during one of the battles fought in the Shenandoah valley. Fire of an unknown origin this week destroyed the large four-story frame study building and dormitory of the Old Dominion Academy at Reliance, Warren county, Va., causing a loss of \$30,000, on which there was \$24,000 insurance.

The municipal election to be held in Winchester next Tuesday, for mayor and six members of the common council, is of the Potomac, is announced by light-
